

Here's What People Say

"My energy and vitality levels have increased immensely. My body feels healthier, stronger and more energised. I would highly recommend this unit to anyone who is interested in increasing the body's own capacity to heal itself and to increase general feelings of well-being."

Chris Douglas

"Initially sceptical, it only took a few baths to dispel my doubts completely. As a Specialising Kinesiologist, I am able to use muscle testing to establish exactly what the bath has done. The results were so astounding I actually questioned my testing, until I got used to the 'miracles' the unit produces!"

"Some clients need a full course of 14 sessions over a 28 day period to find an improvement, others need only one or two sessions depending on the problem and the person."

Samantha-Joy McCormick
Natural Health Practitioner.

"For the extra life I feel this QEnergySpa has given to my parents I am just totally grateful to have found such a powerful yet simple tool to ease their suffering."

Irma Maierhofer
Feldenkrais practitioner & Natural Health Care Consultant.

"I feel the key to health and balance, for me and my family, is the QEnergySpa. Every household should have one, use and enjoy this helpful equipment. I am humbly grateful."

Daniel J. Costigan
Lieutenant Colonel of Infantry and Special Forces.
United States Army-retired.

The QEnergySpa

Bio-Energy technology that has been proven to be trusted and relied upon by professionals from Europe, USA, Australia, Africa and many other countries around the world.

Introducing Bio-Energy Technology

Discover How to Empower your Body to Heal

The Original
Bio-Electric Field Enhancement
Technology **B.E.F.E.**

Widely acclaimed to produce rejuvenating and revitalising results similar to that of naturally occurring, highly energised healing mineral springs around the world.

"Over many years I have spent thousands of dollars and swallowed thousands of supplements, the majority with little noticeable effect. That is what I like about the QEnergySpa - It works."
Carol Clarke

Important

The QEnergySpa is a Biological Battery Charger

It is important to understand that it is your body's increase in bio-energy that promotes better and faster healing.

Re-Energise & Re-Vitalise
QEnergySpa
energy through water Patented

Due to the environmental decay we are subjected to daily the world over, you may only function on a fraction of the essential bio-energy that your body needs to rejuvenate and heal itself. This can potentially lead to lethargic body function and physical stress causing you to feel tired, run down and generally unwell.

The QEnergySpa uses water as the natural medium to enhance and boost biological energy levels in water, like an organic battery charger. The natural bio-energy present in water closely matches the energy in your body. The QEnergySpa increases this natural energy present in water allowing it to be readily absorbed by you. With continued use you can potentially double your energy reservoir.
